

PRIVATE EQUITY

OUR MISSION

TO CARVE A STRATEGY THAT AMPLIFIES YOUR PORTFOLIO

Depending on your preferred investment or fund size and investment strategy, we guide many players that seek to exit their investments after 3 to 5 years in order to generate a multiple on invested capital of 2.0-4.0x and an internal rate of return of around 20-30%, and often even higher.

To amplify your returns, we also work with other private equity firms to raise a significant amount of debt to purchase appealing assets we jointly identify to minimize initial equity requirement.
